

Ten years of VLTI: From First Fringes to Core Science

- Historical perspective: the VLTI in the context of world interferometry
- Science with optical interferometers: from the Solar System to galaxies
- Interferometry as a tool for the general community
- Science with the VLTI in the era of ALMA, JWST and the ELTs
- A bright future ahead

Scientific Organising Committee

Olivier Absil (Liège)
Roberto Gilmozzi (ESO)
Walter Jaffe (Leiden)
Fabien Malbet (Grenoble)
Alessandro Marconi (Florence)
Jorge Melnick (ESO, chair)
Antoine Mérand (ESO)
Rafael Millan-Gabet (Caltech)
John Monnier (Michigan)
Jenny Patience (Exeter)
Guy Perrin (Paris Observatory)
Didier Queloz (Geneva)
Gerd Weigelt (MPIfR)
Sebastian Wolf (Kiel)

Local Organising Committee

Françoise Delplancke (Chair)
Roberto Gilmozzi
Christian Hummel
Hans Ulrich Käufel
Jorge Melnick
Gerard van Belle
Markus Wittkowski

24–27 October 2011
Garching bei München, Germany
